CODE OF CONDUCT POLICY
Mandatory – Quality Area 4

PURPOSE
This policy will provide guidelines to:
- establish a standard of behaviour for the Approved Provider (if an individual), Nominated Supervisor, Certified Supervisor, educators and all staff at Greensborough Preschool Inc that reflects the philosophy, beliefs, objectives and values of the service
- promote desirable and appropriate behaviour
- ensure that all staff interaction at the service with both children and adults is respectful, honest, courteous, sensitive, tactful and considerate.

POLICY STATEMENT
1. VALUES
Greensborough Preschool Inc is committed to:
- considering the wellbeing of each child at the service as paramount
- maintaining a duty of care (refer to Definitions) towards all children at the service
- providing a safe and secure environment for all at the service
- respecting the rights of the child
- providing an open, welcoming environment in which everyone’s contribution is valued and respected
- encouraging parents/guardians, volunteers, students and community members to support and participate in the program and activities of the service.

2. SCOPE
This policy applies to the Approved Provider, Nominated Supervisor, Certified Supervisor, educators, staff, students on placement, volunteers, parents/guardians and all adults involved in the programs and activities of Greensborough Preschool Inc.

3. BACKGROUND AND LEGISLATION
Background
A Code of Conduct establishes a standard of behaviour to be followed by the Approved Provider, Nominated Supervisor, Certified Supervisor, educators, staff, students on placement and volunteers at the service. The Code of Conduct defines how individuals should behave towards each other, towards the children in their care, and towards other organisations and individuals in the community.

The Approved Provider and Nominated Supervisor have a duty of care to the children attending the service and must ensure “that every reasonable precaution is taken to protect children being educated and cared for by the service from harm and from any hazard likely to cause injury” (National Law: Section 167).

The National Quality Standard requires that “educators, coordinators and staff members are respectful and ethical” and that “professional standards guide practice, interactions and relationships” (National Quality Standard: 4.2 and 4.2.1).

Employers also have a legal responsibility to provide, as far as is practicable, a safe workplace that is free from discrimination, bullying and harassment.

A Code of Conduct should be based on the service’s philosophy, beliefs and values, and on ethical principles of mutual respect, equity and fairness. Consideration should be given to the service’s Code
of Ethics or to Early Childhood Australia’s Code of Ethics in developing the Code of Conduct. While a Code of Ethics focuses on values and attitudes, or guiding principles, a Code of Conduct has a more specific focus on behaviour and action. The Code of Conduct puts the guiding principles into action by clarifying standards of behaviour expected of individuals in the performance of their duties or involvement at the service, and by giving guidance in areas where individuals are required to make professional, personal and ethical decisions.

The Approved Provider must ensure that all educators, staff, students and volunteers at the service adhere to clear guidelines regarding appropriate interaction and communication with each another, with children at the service, and with others in the community.
